

The need for horizontal and vertical coordination in governing the WEF- Nexus

*Claudia Pahl-Wostl
Co-Chair Global Water System Project
Institute of Environmental Systems Research
University of Osnabrück*

Questions to be addressed

How much can and should be coordinated during policy development and during policy implementation?

Which instruments are available, what is in place?

What can be the role of international cooperation to support knowledge exchange?

What are major knowledge gaps and what is needed from science to fill them?

Presentations

- **The Nexus Approach and Legal Pluralism: Horizontal vertical coordination challenges**

Joyeeta Gupta (*Amsterdam University, The Netherlands*)

- **Reviewing for results: Incentives for cross-sectoral “Nexus” orientation at different levels**

Marianne Beisheim (*Stiftung Wissenschaft und Politik, Berlin, Germany*)

- **Navigating multiple transitions: The institutional arrangements and governance system around the W-E-F nexus in Uruguay**

Isabel Bortagaray (*SARAS Institute, Maldonado, Uruguay*)

- **Problems related to the W-E-F Nexus from the perspective of a Water Supplier**

Christina Aue (*Oldenburgisch-Ostfriesischer Wasserverband, Brake, Germany*)
